

HARMONY SCHOOL FOR MORAL & HUMAN VALUES

Under The Aegis Of Shiv Krupa Educational Trust

Objective of the HSMHV
Continuous Happiness & Prosperity

Introduction

Today where digitalization has spread its wings all over the world, every individual is getting addicted to the digital way of communication, we have thousands of virtual friends and relations on different social media platforms but direct interaction is minimized, we are getting self-restricted day by day, even family members who live under the same roof, pass most of their time on social media platforms and interaction among them is reduced to almost zero. There are several online friends but hardly anyone is physically available at the time of need. We are getting indifferent with other's issues in the society which is a matter of immediate attention, if not addressed timely will lead to a frustrated world. A world where no one would be available to anybody.

Sensitivity, help, togetherness, compassion will be the terms restricted to dictionary only.

Harmony School for Moral and Human Values is founded with the objective to refresh the values of relationship with self, family, society and nature. Allowing people to realize their responsibility towards self and society. To let them understand the real objective of their being and adopting a lifestyle to live happily by creating balance among self, society and nature.

Harmony School for Moral and Human Values is aggressively taking responsibility to aware the people of the world to protect their rights through various campaigns.

Harmony School will promote the sense of moral values and motivate its members irrespective of their Society, Nation, Origin, Caste, Religion, Age, Education and Profession. HSMHV members will serve the universe and all its constituents to gain continuous happiness and prosperity.

● Individuals ● Students ● Families ● Corporate ● Clubs

Message from the Chairman

Harmony School for Moral and Human Values under the aegis of Shiv Krupa Education Trust is founded with the pure objective of serving the society and enriching the poor and needy people of the globe, poor and needy does not mean the ones who are striving for food and shelter but those who have every thing to satisfy their physical needs still they are unhappy. To let people know what real happiness is and how it could be accomplished, without decaying its intensity.

Let each member of the society be aware about his/her responsibilities towards self, family, society and nature, and strengthen the bond of relationships with each other. I strongly believe in the concept of Vasudhaiva Kutumbakam and world family.

Be the part of Harmony School for Moral and Human Values to accomplish the objective of the school to create a world family beyond the boundaries of Societies, Nations, Origin, Caste, Religion, Age, Education and Profession.

Dr. Harshit Sinha
Chairman
Shiv Krupa Education Trust
Administrative Address : Ashoka Enclave-II,
Sector-37, Faridabad, HR
